ClassDojo

ClassDojo Family Account Overview

Families can connect using their computer, or any iOS or Android device.

Story Feed ♥

★ A family's story feed includes Class Story, School Story, and Portfolio posts for each kid in their family with a ClassDojo account.

★ A single account lets families stay connected to multiple classes and kids in different schools.

Kids

★ The "Kids" screen lets families add or remove students, log into their kids' accounts, and view a point report with two weeks' worth of feedback.

★ Families can search for their kid's school and teacher and request to connect. The connection will show up as "pending" until the teacher approves it.

Points 🏆

★ Families can see the last two weeks of their kids' feedback points. If they choose to subscribe to **ClassDojo Plus**, they can see their kids' all-time point history.

★ Families can see points for each class their kids are in, or for individual classes, by clicking on the drop-down menu at the top of the screen.
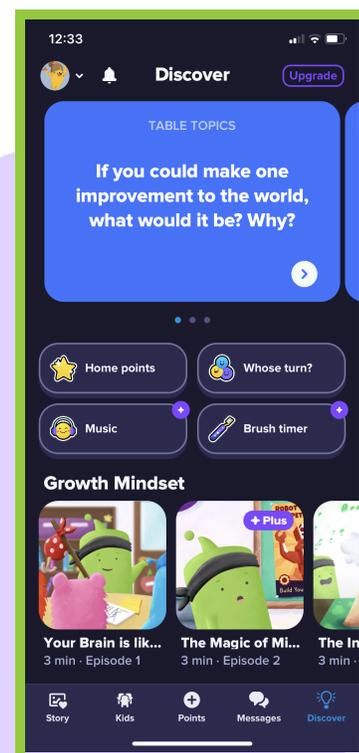

Messages 💬

★ Families get a notification when you send them a message. They can read it and reply using the Messages tab.

★ With instant translation into 35+ languages, families automatically receive messages in their preferred language.

★ By subscribing to ClassDojo Plus, families have the option to send urgent messages and see when a teacher has read their message.

Discover 💡

★ The Discover screen lets families preview the extra material included with ClassDojo Plus. Subscribing gives families access to Big Ideas, ClassDojo's exclusive social-emotional learning series, points to use at home, and lots more.

When do families get notifications from ClassDojo?

ClassDojo notifies families when they receive a private message or when a post is added to Class Story, School Story, or their child's Portfolio. If it's been a while since they logged in, family members will get a reminder to view their kids' feedback at the end of the week.
