

Paper Pumpkins

1. Use a ruler to mark out eight strips.
2. Cut along the lines.
3. Once cut out, place your card strips in this circular arrangement, and hold them together using a split pin.
4. Gather all the opposite ends of the strips of card to form your 3D pumpkin shape. Use a second split pin to hold them in place, adding a piece of green card on the top to make a stalk.
5. Add pumpkin decoration/face on the outside.

You will need:

Orange paper or plain paper
and orange colours

Green paper or plain paper
and green colours

Ruler

Scissors

Marker Pen

Split pin
