

Teachers note

Tips :

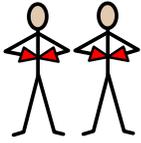

- Allow your child to help you get the things you need (ingredients, tools) to develop organisational skills.
- Support your child to read each step
- Allow your child with time to explore the final product. Maybe add some toys?
- Take pictures or videos of your child that you can share with them later.
- Allow your child to tidy up and wash up to develop independent skills.

Experiment

Today

we

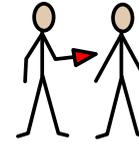

are

making

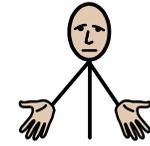

snow

You

will

need

Large

bowl

Spoon

Cup

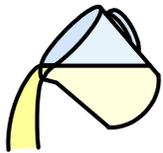

baking soda

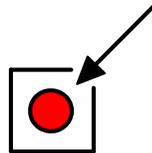

Hair conditioner

Instructions

5

Pour

5

cups

of

baking soda

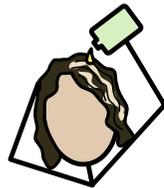

in

to
